

State whether the graph represent direct variation. If not, explain.

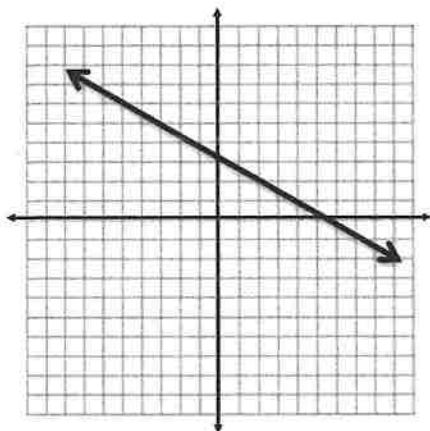

1.

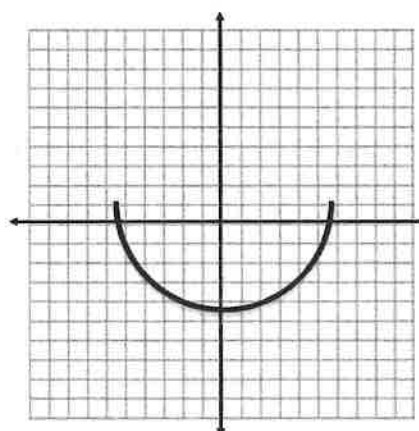

2.

3.

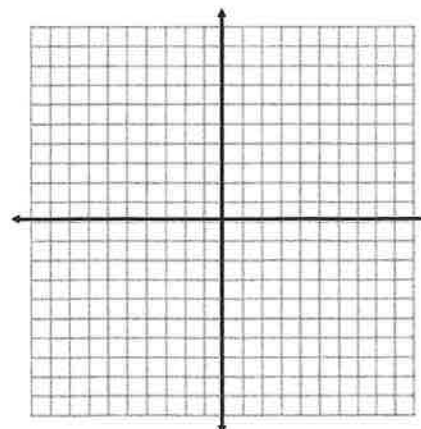

4.

The variable x and y vary directly. Use the variable to write an equation AND graph the solutions.

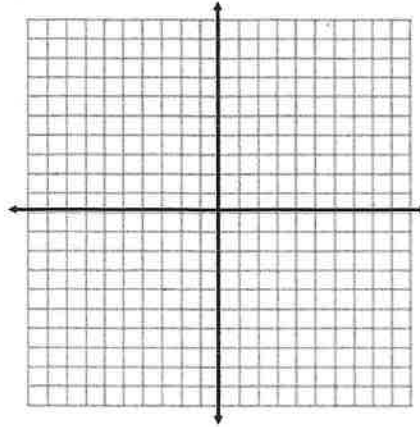

5. $y = 4; x = 8$

x	y

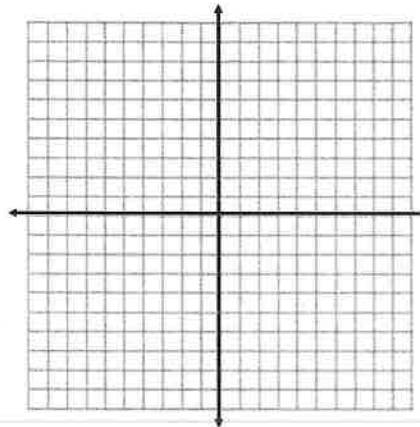

6. $y = 12; x = 4$

x	y

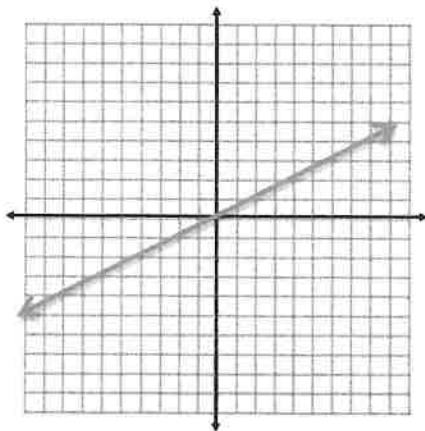

7. $y = 32; x = 8$

x	y

Use the graph to write an equation.

8.

9.
